General advice: Remove casualty from exposure ensuring one's own safety whilst doing so. Never give anything by mouth to an unconscious person.

Skin contact: Wash thoroughly with soap and water. Seek medical advice if irritation develops.

Eye contact: Remove any contact lenses and rinse with water for 15 minutes. Seek medical advice if irritation persists.

Ingestion: Rinse mouth thoroughly with water. Do not induce vomiting. Seek medical advice if discomfort continues.

Inhalation: Remove to fresh air, rinse nose and mouth with water and seek medical advice if discomfort continues.

4.2 Most important symptoms and effects, both acute and delayed: Inhalation: Dust may irritate the respiratory system.

4.3 Indication of any immediate medical attention and special treatment needed: Nothing specific.
