

Professional Range

Triple Blue

Toilet and urinal cleaner and descaler

A deep blue viscous liquid for cleaning and descaling sanitary ware that also incorporates a powerful reodouriser

What is Triple Blue?

Triple Blue is highly effective sanitary ware cleaner that kills bacteria, removes grease and de-scales while protecting stainless steel, chrome and ceramics, as well as many other bathroom surfaces.

Triple Blue has been specially formulated to protect toilets and urinals from the build-up of germs, grime, lime scale and uric crystals over extended periods.

Triple Blue clings to the toilet bowl surface so will remain in situ through many flushes.

Triple Blue incorporates a powerful reodouriser that keeps bathrooms smelling fresh, as well as clean.

Used regularly, Triple Blue will keep drainage systems clear of scale and uric crystals.

How does Triple Blue work?

Triple Blue is highly effective sanitary ware cleaner that kills bacteria, removes grease and de-scales while protecting stainless steel, chrome and ceramics, as well as many other bathroom surfaces.

Triple Blue has been specially formulated to protect toilets and urinals from the build-up of germs, grime, lime scale and uric crystals over extended periods.

Key Features and Benefits of Triple Blue.

- Kills germs, removes grease and reodourises.
- Effective in preventing the build-up of lime scale.
- Does not contain hydrochloric acid.
- Does not blacken or damage stainless steel or chrome like other acidic cleaners.
- Long lasting protection – will continue to work through numerous flushes.
- Multi-purpose and cost effective – removes lime scale, rust and water marks.
- Ideal for domestic, commercial and institutional premises such as hotels, care homes, schools and sports clubs.

How do you use Triple Blue?

Before use, please ensure that you have read the Safety Data Sheet in its entirety.

Toilets – apply Triple Blue liberally around toilet bowl and under rim. Allow a contact time of 15 minutes, agitate with a toilet brush and flush away.

Urinals – apply Triple Blue in the same fashion as to toilets, allow a contact time of 15 minutes, agitate with a toilet brush to remove stubborn deposits and flush away.

Descaling – apply to areas of scale and leave for 15 minutes, agitate with a brush or cloth and rinse off with water. Reapply if necessary.
