

Professional Range

Zonk

Heavy duty cleaner and descaler for sanitary ware and drains

DESCALER

DRAIN MAINTAINER

For use in sanitary ware, drains, taps and waste lines.

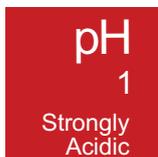

What is Zonk?

Zonk is the perfect combination between toilet cleaner and descaler. Pleasantly perfumed, Zonk's acidic formulation effectively cleans, descales, deodorises, reodorises and sanitises in one swift motion.

Zonk rapidly removes algal growths and uric and phosphate deposits that form unsightly accumulations in and around toilets and other sanitary fittings.

How does Zonk work?

Zonk's acidic formulation quickly breaks down limescale deposits and uric crystals to ensure that drains are kept clean and its pleasant perfume reodorises the area, ensuring that the area is odour free.

Key Features and Benefits of Zonk.

- Cleans, descales, deodorises, reodorises and sanitises in one motion.
- Rapidly removes algal growth, uric acid and phosphate deposits.
- Can be used concentrated or diluted and still maintain performance.
- Use regularly to maintain scale free drainage systems and sanitary ware.
- Pleasant scent.
- Perfect for cleaning and sanitising urinals, toilets, sinks, wash basins, showers, toilet walls, floors, swimming pool surrounds, saunas etc.

Instructions for Use

Zonk is suitable for use on all ceramic and plastic sanitary equipment. Do NOT use on stainless steel. Avoid spraying neat Zonk into metal surfaces or enamel.

Toilet bowls – add around 50mls of Zonk to the water in the toilet bowl, agitate well with toilet brush and flush away.

Drains – pour neat into drain run on a weekly basis for best results.

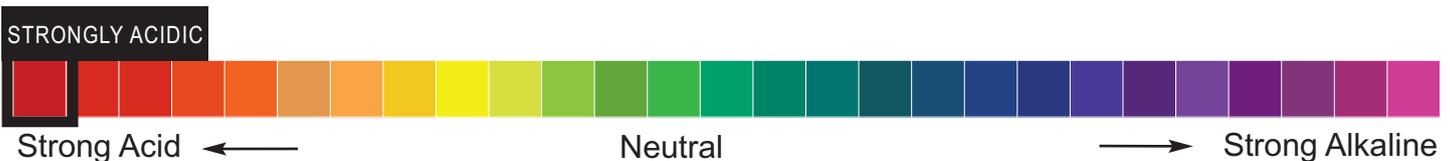

Toilets, sinks, baths, wash basins, showers etc – dilute with up to 5 parts water. If used on vitreous enamel baths, always dilute with 5 parts water to one part Zonk and wash off immediately.

For heavy duty staining or soiling, apply neat Zonk to area, agitate with cloth and wipe away.

Health and Safety

Before use, it is important that you have read the Safety Data Sheet in its entirety and any appropriate PPE is worn during use.

If scale or uric crystals are blocking your waste lines use Zonk to clear them out
